Hi Jeff:

Huetteman and Armann are out of the office. Tom is back on July 28<sup>th</sup> and Armann on August 13<sup>th</sup>. I believe, Steve Linder may be acting for Tom. I have forwarded your messages related to the Riverside Agricultural Park to all the recipients of your original message, Sara Ziff (the project manager working on the Riverside Agricultural Park site), and Steven Linder.

Sincerely,  
Carmen

Hi Tom, Barbara, and Steven:

Attached are two messages from Jeff concerning the Riverside Agricultural Park in Riverside, California. PCBs were found at that Park some years ago (other contaminants may also be present) and DTSC conducted oversight of the cleanup and Penny Newman has been involved with the site. Our Sara Ziff is the project manager.

Jeff is asking that we follow up the week of July 27<sup>th</sup> with Superfund on the written request by DTSC's Director Barbara A. Lee to Enrique Manzanilla asking that EPA review DTSC's oversight and cleanup actions at the Park. Enrique asked Jeff for help in satisfying DTSC's request. Attached is the PDF containing DTSC's letter to Enrique.

Mitch Kaplan is acting for Steve Armann. Sara Ziff is on vacation and I believe returns to the office the week of July 27<sup>th</sup>.

Sincerely,  
Carmen
